

# KLANGLICHT

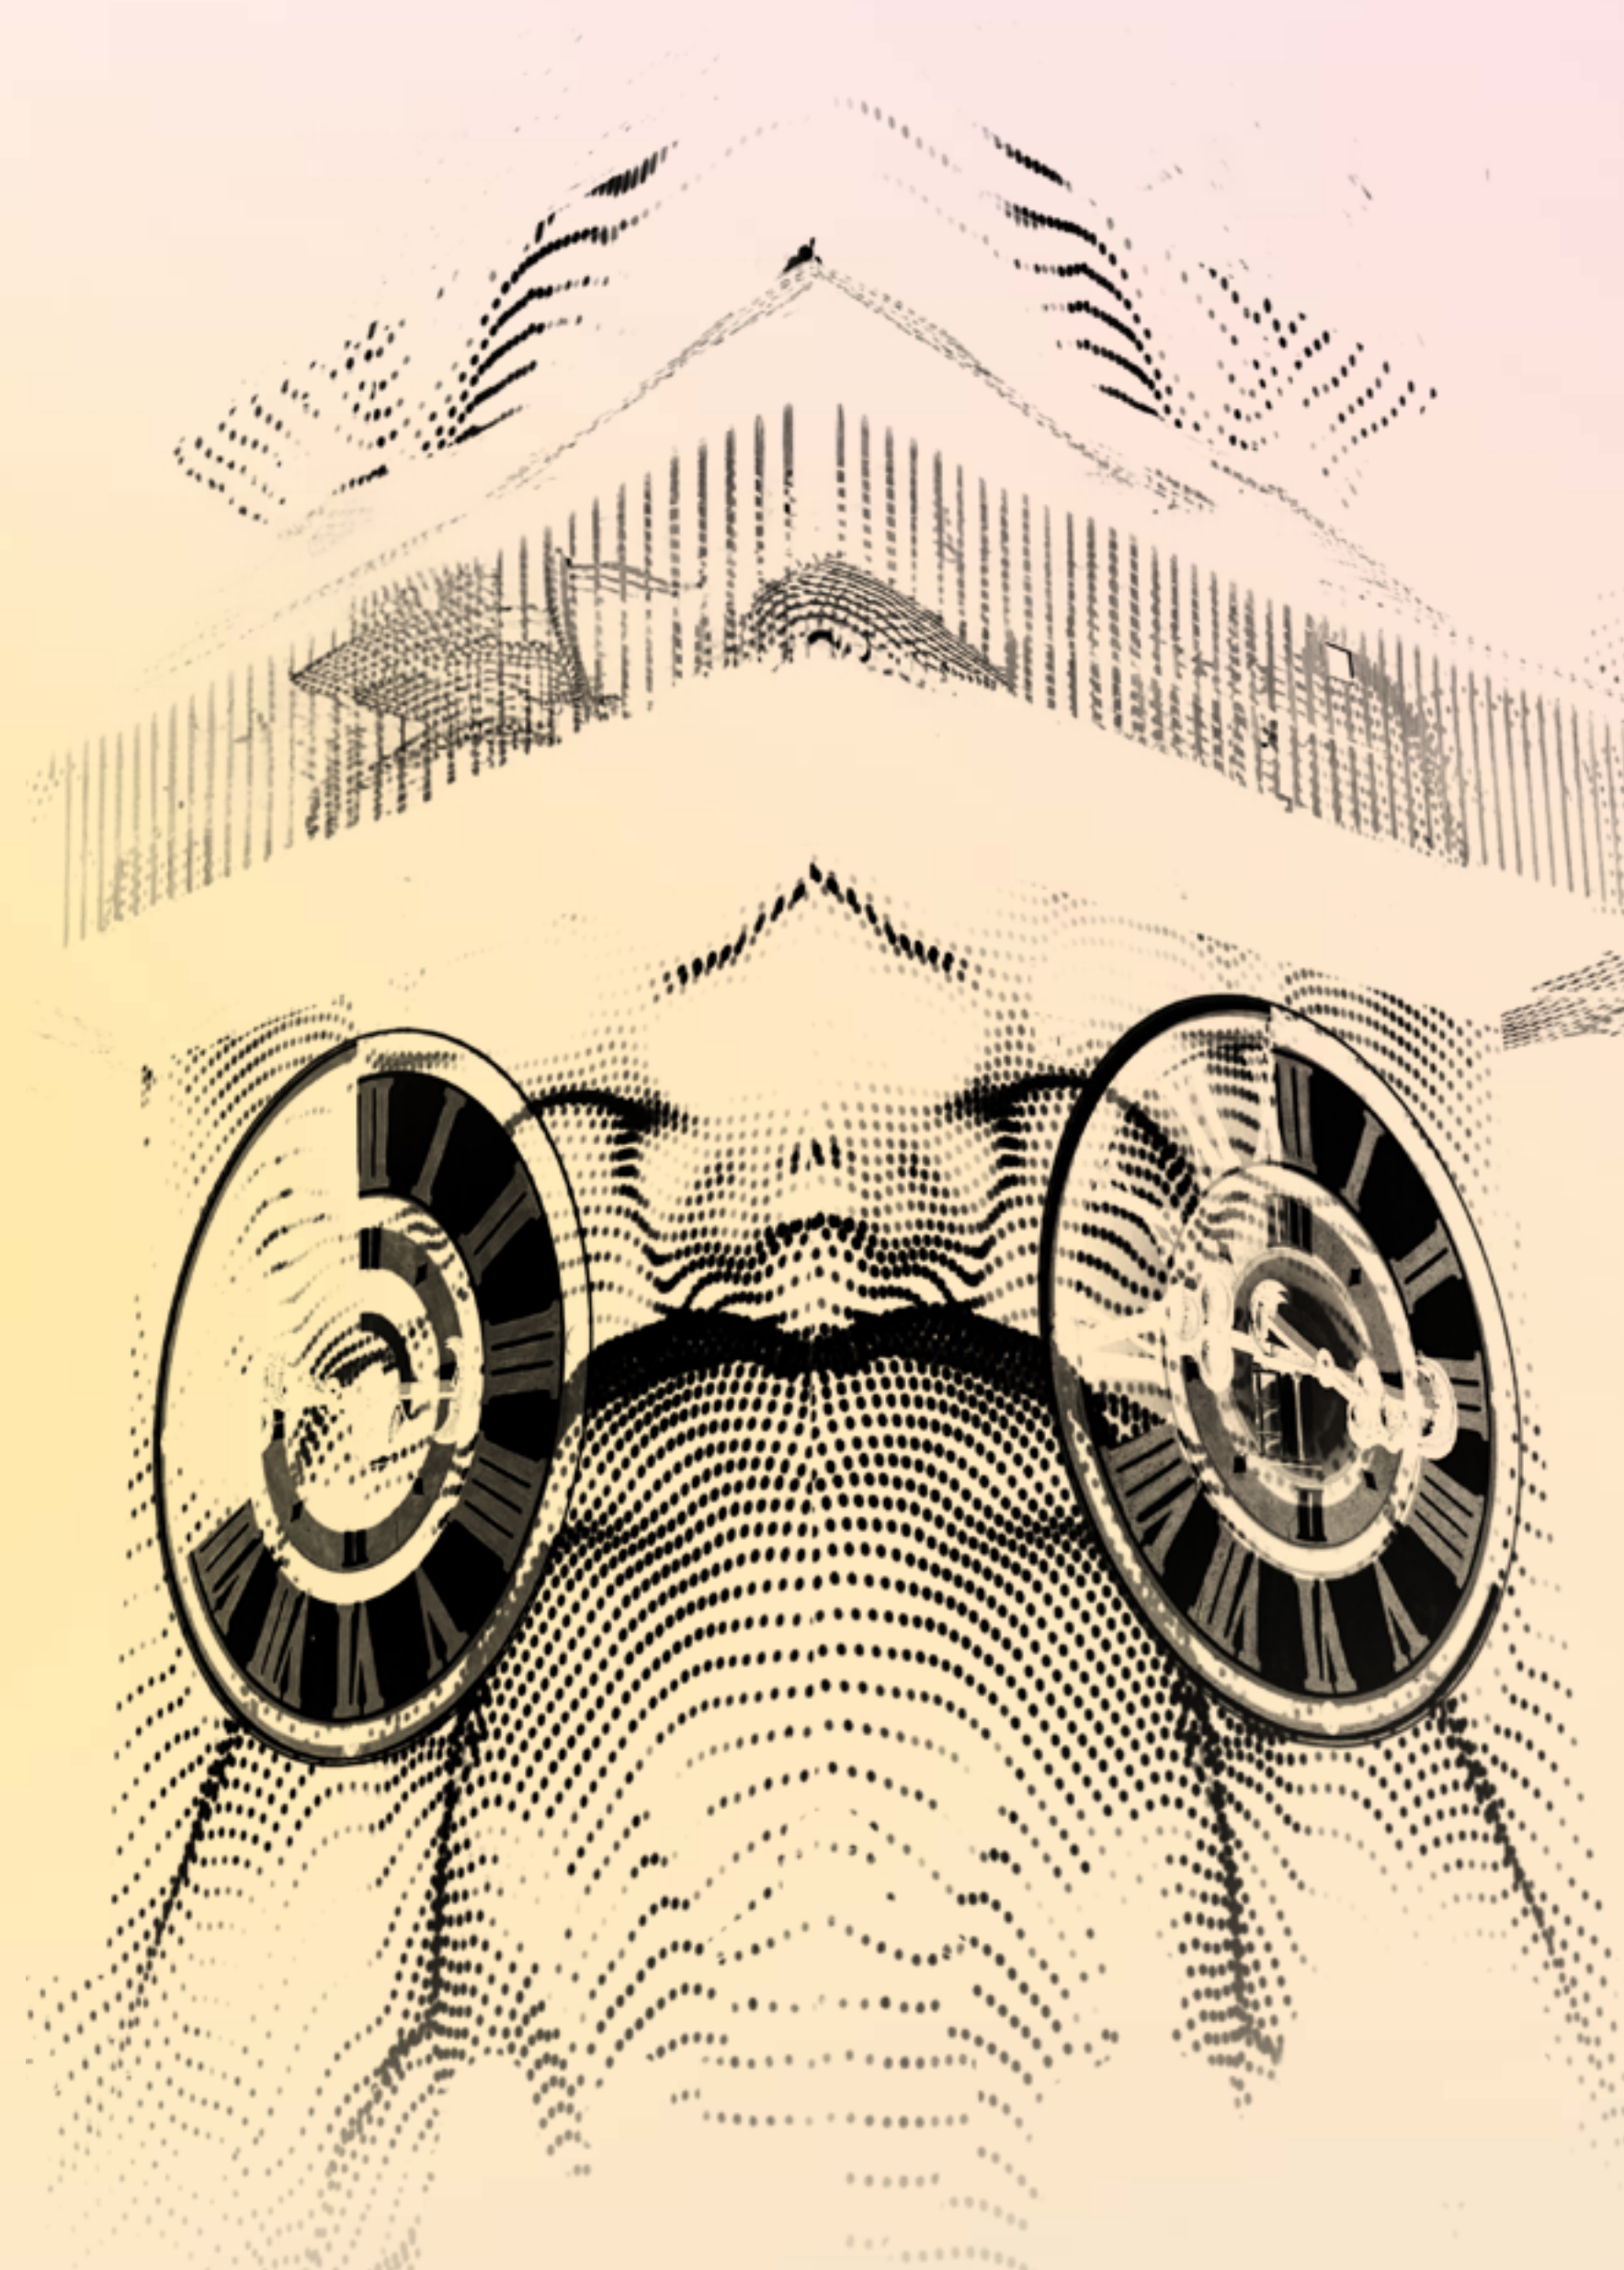

## THE FESTIVAL OF SOUND & VISION

### „DREAMS“

3 evenings of light and sound  
from October 24 to 26, 2024  
daily from 18:00 to 23:00

Whether we are awake or asleep, dreams accompany us in both states. A dream carries us into another world, to hidden desires, to deep longings, out of the present, into great experiences, into distant utopias, into small wonders. In 2024, KLANGLICHT enters the world of dreams. National and international artists process their - and our - dream worlds in completely different ways. The 24 art installations will be poetic, gentle and subtle, powerful and expansive, surreally beautiful and truly genuine. From the Joanneum Quarter to the Schlossberg and Herrengasse, from the Schauspielhaus Graz to the Next Liberty and the Graz Opera House, we will encounter colorful cheerfulness, serious criticism, the beguiling as well as the abstract. For three days, a kaleidoscope of moods and fantasies will be revealed - as if we were dreaming.

KLANGLICHT takes place in public spaces. 9 of the 13 KLANGLICHT locations as well as the four "Points of Interest" are freely accessible to all visitors thanks to the commitment of numerous sponsors. However, access to four locations (Schlossbergbühne Kasematten, Schlossbergstollen & Dom im Berg, Schauspielhaus Graz, Next Liberty Jugendtheater) is only possible for guests who support KLANGLICHT by purchasing a festival pass. The festival pass also grants free travel to KLANGLICHT on the day of the event throughout the Styrian public transport network.
